Samhandlingsreformen - hvordan vil vi merke den hos oss?

Sakens bakgrunn og innhold:

I juni 2009 la regjeringen frem St.meld. nr. 47, Samhandlingsreformen. Meldingens undertittel er meget beskrivende "Rett behandling - på rett sted- til rett tid".

Hovedutvalgets medlemmer, og alle kommunestyrets medlemmer, har fått hvert sitt eksemplar av meldinga.

Samhandlingsreformen er omfattende og inngripende. Samtidig er den foreløpig nokså uklar med tanke på hvilke tjenester som blir forventet håndtert i kommunene, hvordan ting skal organiseres og hvordan kommunene kommer ut av dette økonomisk. Det som er helt på det rene er at reformen kommer, og at kommunehelsetjenestene vil se annerledes ut enn hva de gjør i dag. Videre er det helt på det rene at hver enkelt kommune ikke blir i stand til å løse disse oppgavene hver for seg. Vi må mao samarbeide med andre for å løse de nye kravene til tjenester og kompetanse.

Temaet med samhandling og interkommunalt samarbeid er under diskusjon i hver enkelt Fosenkommune i disse dager, etter en grundig innføring i utfordringene i felles møte for kommunestyrerepresentantene på Fosen tidligere i vinter. Dette temaet blir derfor behandlet i andre politiske fora, og er ikke det hovedutvalget først og fremst skal fokusere på. Rådmannen understreker imidlertid, nok en gang, at man ikke kommer utenom et omfattende tjenestesamarbeid når samhandlingsreformens utfordringer skal "taes ned"

Fosen regionråd etablerte Fosen distriktsmedisinske senter IKS i 2009. Gjennom etableringen av selskapet ble følgende mandat og mål formulert:

*"Kapittel 4: Selskapets oppgaver*

*4.1*

Hensikten med Fosen Distriktsmedisinske senter IKS er å etablere varige, forpliktende og fleksible former for kontinuerlig samarbeid både interkommunalt og mellom kommuner og Helse Midt-Norge/St. Olavs Hospital. Gjennom samarbeid vil kommunene og helseforetaket være bedre i stand til å oppfylle lovkrav og utnytte sine ressurser mer koordinert og effektivt enn hver for seg.

## 4.2

Fosen Distriktsmedisinske Senter IKS skal levere helsetjenester og spesialisthelsetjenester, drive opplysningsvirksomhet, selge helserelaterte produkter og alt som står i forbindelse med dette. Utover det å tilby helsetjenester vil Fosen Distriktsmedisinske Senter IKS være et lokomotiv i samfunnsutviklingen i Fosen-regionen, spesielt ved å tilby interessante arbeidsplasser, utvikle kompetanse, bidra til bolyst og omdømme, fremme folkehelse og stimulere til næringsutvikling. Det vil være en viktig oppgave for organisasjonen å drive et kontinuerlig utviklingsarbeid med tanke på både innhold og kvalitet i tilbudene."

(Utdrag fra Selskapsavtale for Fosen distriktsmedisinske Senter IKS)

### Vurdering:

Selv om vi på Fosen har etablert et selskap, og slått fast at det er dette selskapet som skal være kommunenes verktøy for å håndtere utfordringene som samhandlingsreformen fører med seg, bør lokalpolitikere engasjere seg i reformen. Den er tross alt beskrevet som den mest omfattende reformen i nyere tid i Norge. Som en av hovedutvalgets medlemmer påpekte i møte 9. mars 2010, er det vanskelig å engasjere seg i noe man ikke kan noe om. Rådmannen mener derfor at vi skal ta slike signaler på alvor, og tilrettelegge for en grundig gjennomgang av reformen for alle kommunestyrets medlemmer.

Det kan være flere aktuelle og dyktige aktører som kan bistå i en eventuell temasamling om Samhandlingsreformen, og rådmannen må få fullmakt til å skaffe til veie en/ flere aktuelle bidragsyttere.

Samtidig er det viktig at vi ikke legger vekk fokuset fra St.meld.nr. 25; Mestring, muligheter og mening. Vi må derfor sørge for å ha en temagjennomgang som tar inn over seg sammenhengen mellom disse to meldingene

Fosen DMS IKS planlegger et orienteringsmøte for 10 deltakere fra hver av eierkommunene om St. meld. nr 25 og 47 den 28. april.

### Oppsummering:

Rådmannen finner Samhandlingsreformen omfattende. Samtidig er det hevet over en hver tvil at reformen vil føre til store endringer i kommunenes helsetjenester. Det er derfor av betydning at det blir lagt til rette for en god folkevalgtopplæring knyttet til reformen, og at dette sees i sammenheng med Omsorgsplan 2015.

### Ordførerens/Hovedutvalgslederens innstilling:

Hovedutvalget for helse og omsorg vil legge til rette for en bred folkevalgtopplæring for kommunestyrets medlemmer om utfordringene rundt Samhandlingsreformen og dens berøring med Omsorgsplan 2015.

Inn på tunet -løftet

Vedlegg:

- 1 Inn på tunet -løftet - Innovasjon Norge
- 2 Inn på tunet -løftet, programnotat

Sakens bakgrunn og innhold:

Hovedutvalgslederen har bedt om å bli orientert om det etablerte dagtilbudet ved Vivre gård. Denne orienteringen vil skje muntlig i møtet. Dersom hovedutvalget på bakgrunn av orienteringen ønsker å behandle en sak om dagtilbudet ved Vivre gård, må dette komme som en tydelig bestilling fra hovedutvalget i møtet.

Når hovedutvalget nå får en sak om Inn på tunet er det fordi det er etablert et nasjonalt politisk løft for å fremme lokalt, regionalt og nasjonalt samarbeid på området. Totalt er det avsatt 18 millioner i prosjektmidler til kommunene over en 3-årsperiode, finansiert med 15 mill kroner fra Landbruks- og matdepartementet over jordbruksavtalen og 3 mill kroner fra Kommunal- og regionaldepartementet.

Satsingen vil styrke arbeidet med tjenesteutviklingen i kommunene, og bidra til forankring av Inn på tunet i kommunale planer og strategier. I Sør-Trøndelag jobbes det allerede med dette gjennom et tverrfaglig samarbeid om bl.a Omsorgsplan 2015. Inn på tunet - løftet vil styrke dette arbeidet ytterligere.

Inn på tunet-løftet er en flott mulighet for kommunene til å sette fokus på utvikling av Inn på tunet- tjenester i kommunen. Inn på tunet skal bidra til å løse viktige samfunnsoppgaver, samtidig som det skapes nye arbeidsplasser på gården.

Gjennom Inn på tunet-løftet gies det anledning til å søke tilskudd for kommuner. Rådmannen har undersøkt med fylkesmannen om Bjugn kan være berettiget tilskudd nå som vi allerede har etablert og er i gang med et konkret tilbud. Man har fått bekreftet at Bjugn er berettiget å søke samtidig som vi oppfordres til å tenke nytt/ innovativt.

#### Vurdering:

Inn på tunet-løftet kan hjelpe oss med å finne ordninger som vil kunne være avgjørende for om vi oppnår de målsettinger kommuner har skissert i strategien for å møte fremtidens omsorgsutfordringer. Rådmannen mener derfor at vi bør søke om tilskudd, men vi kan ikke søke tilskudd uten politisk forankring. Det er derfor viktig at hovedutvalget tar stilling til om Bjugn skal være en del av det nasjonale Inn på tunet-løftet.

Rådmannen har i samarbeid med profunnet utviklingsområder i spekteret Inn på tunet, landbrukets verdier, tjenestens behov og brukerens rett til aktivitet. En slik ide - skisse kan presenteres muntlig i møtet.

#### Oppsummering:

Det er etablert et nasjonalt politisk løft som kalles Inn på tunet-løftet. Det er avsatt midler til tilskudd. Rådmannen mener Bjugn kommune skal søke om midler til å prøve ut og gjennomføre nye samarbeidsformer med landbruket/ gårdbrukere slik at tjenestene kan fremstå med en tydelig profil på aktivitet. Dette er i tråd med føringer som ligger i St. meld. nr. 25 og i Demensplan. Aktivitet er også fremhevet som et suksesskriterium i vår egen Plan for nytt innhold og ny organisering av pleie-, rehabilitering og omsorgstjenestene i Bjugn kommune"

#### Hovedutvalgslederens innstilling:

Bjugn kommune vil kunne profitere faglig, økonomisk og kvalitetsmessig på å være en del av det nasjonale Inn på tunet-løftet. Hovedutvalget for helse og omsorg gir sin tilslutning til at Bjugn kommune søker om midler og utvikler dagtilbud som kan komme flere av våre eldre til nytte.

# Inn på tunet løftet - startskuddet går 9. februar - Mulighet for nyskapende kommuner

## Et løft for Inn på tunet satsingen i kommunene

En økt satsing på Inn på tunet vil bidra til å styrke arbeidet med tjenesteutviklingen til beste for kommunens innbyggere. Målet med satsingen er å skape bevissthet om mulighetene, og samtidig bidra til en forankring av Inn på tunet i kommuner og lokale partnerskap. Løftet er også et ledd i næringsutviklingen i kommunen og landbruket.

## Noe for din kommune?

Gjennom Inn på tunet løftet ønsker man å sette fokus på mulighetene, og bidra til å sette i gang nye utviklingsprosjekter. Kommune og offentlige etater får en ny arena å løse forebyggende og lovpålagte oppgaver. Inn på tunet løftet kan være et verktøy for kommunen for å utvide sin tjenesteportefølje, eller å sikre at de eksisterende Inn på tunet tilbudene blir varige, kvalitetssikrede tilbud. Samtidig kan det bidra til at kommunene oppfyller sine forpliktelser i henhold til nasjonale, regionale og kommunale strategier og planer.

## Mange kommuner satser på Inn på tunet

Innovasjon Norge har laget flere ulike eksempler fra kommuner som satser på Inn på tunet tjenester som en del av tilbudet til kommunens innbyggere. Det finnes i dag rundt 800 Inn på tunet gårder, og tilbudet vokser stadig.

## Inn på tunet løftet 2010 til 2012:

- Det er avsatt 6 millioner per år fra LMD og KR D
- Kommunen må være prosjekteier og søker
- Kommuner og IPT-tilbydere i samarbeid kan søke
- Krav om politisk forankring
- Inntil 50% finansering
- Utviklingsprosjekter med varighet 1 til 3 år

## Mulige prosjekter kan være:

- Tiltak der Inn på tunet løftet bidrar til å imøtekomme lokale og sentrale politiske styringsdokumenter, som Demensplanen 2015, Omsorgsplanen 2015, Kriminalitetsforebyggende handlingsplan og Kunnskapsløftet.
- Tiltak som fører til gode og langsiktige samarbeidsformer/ partnerskapsavtaler mellom kjøper og tilbyder.
- Nye samarbeidsformer og nye brukergrupper som tidligere ikke er utbredt innenfor Inn på tunet.

Målsettingen med Inn på tunet er å bidra positivt til helse, mestring, utvikling og trivsel for den enkelte bruker, i tillegg bidrar Inn på tunet til verdiskaping og næringsutvikling.

## Søknadsfrist er 10. mai

Søknaden skal gå til Innovasjon Norge via Fylkesmannen i ditt fylke.
